GULFCONS

BRIEF INTRODUCTION

Gulf Engineers & Constructors Private Limited in the address mentioned above is a Mechanical / Composite Construction Works Contractor as well with own good Mechanical Fabrication facilities in different materials – CS, many grades of Stainless Steel, and Alloy Steel. We are wholesomely involved in this field of Mechanical Fabrication Works and Mechanical Composite Construction Works for multifarious Process Industries, since 1974.

GULFCONS called and referred by all our esteemed clients thus, is a registered MSME Industry and procure business more through the tendering process from State Owned Public Enterprises in Oil & Gas Sector, Power Sector, and others to a large extent. We are also catering to several Private Enterprises to whom we have become a reliable provider of diverse services allied to Mechanical Fabrication and Construction.

Our valued Clients in Private Sector are repetitively entrusting us with responsibilities due to the well and continuous performance of our earlier executed works; moreover these well-regarded Clients are pleased with our approach to work like an abiding and diligent servant.

We also wish to present another business fact that our percentage of winning the bids through tendering process (more of Public Sector Enterprises, with the largest share of our turnover values) is above 60% that we believe shall indicate you our consistently proper estimation as well signifying our competitiveness.

We believe you would now be considering utilizing our services.

Since
1974

GULFCONS

ISO:9001:2015

ABOUT US / BRIEF HISTORY / WHY CHOOSE GULFCONS to serve you

We are sure you would agree if someone lives long it is because of their upbringing adhering to Character, Manners, and Conduct. For a business company to live long it needs to adapt staunchly certain trusted market / client oriented values among others, as well to stay financially strong.

V. K. RAMACHANDRAN is the Founder, now officiating as Managing Director of GULF ENGINEERS & CONSTRUCTORS PRIVATE LIMITED made it a discipline for all his colleagues to work “customer oriented” from the inception of this company. This disposition paid back when spiritedly followed, paving ways to learn from the expert engineers of our eminent Principals and esteemed Clients to fabricate Pressure Vessels / Shell & Tube Heat Exchangers and a variety of Intermediary Processing Equipments & Accessories; and as well to build different types of Storage Tanks / Mounded Bullets and Spheres.

Our Managing Director also believed in undertaking mechanical maintenance works continuously for multifarious processing industries of Heavy Chemicals, Petroleum Refinery and Petro Products, Fertilizers, and Pharmaceuticals all located near our works facility that helped us to learn the nuances of fabricating several main and intermediary processing equipments, as well accessories. We are continuing as the accredited maintenance contractor for INDIAN ADDITIVES LIMITED since 1992 after completing the main project works. We have been serving as the preferred maintenance contractor for many others

Our conscientious adoption of Good Engineering / Fabrication / Welding Practices as tenets, staunch belief in S H E, along with involved Customer Orientation is making us as a “PREFERRED” Mechanical Construction & Fabrication Works Contracting Company.

Since
1974

GULFCONS

ISO:9001:2015

Our esteemed clients particularly the Private Enterprises whose names you would find in this print profile with their certificates are repetitively entrusting us with responsibilities due to the well and continuous performance of our earlier executed works; moreover our esteemed clients are delighted with our approach to work like an abiding and diligent servant.

You may now understand that this could only be consequential to unvarying upbringing with deep rooted beliefs, with continuous observation. You are right.

GOD gifted our Managing Director the opportunity to mobilize for a work containing more of welding works and thus he has been baptized as a CONTRACTOR in 1974 for STEWARTS & LLOYDS of INDIA LIMITED.

Our Managing Director Mr. V. K. Ramachandran started his career teaching Welding and NDT including Radiography at a time when our country also depended upon experts in Welding from abroad. VKR as fondly called by everyone took up to teach and impart the skills to others who are interested. The persons, to whom he taught and imparted the skills, good engineering practices, those being several in numbers, later joined him more due to the trust than respect to progress ahead this fledgling company. There was everyone including Veteran Engineers who thank him for furnishing their requirement with dependable welders with character. You would agree that this feat to happen, like this coming together to work as a single entity relying on the lead character, it could be only when the leader is of good worth in character and positively intended in implementation.

GULFCONS thus has been started and steadily began to grow. We trust you now have a point to choose more so to rely on GULFCONS.

Since
1974

GULFCONS

We have thus resolved OUR VISION and MISSION as below

We are accustomed to these values as mentioned while describing ABOUT US. We are sincere in adhering Good Engineering Practices and adapting Safety Measures as proposed by the esteemed clients / engineering consultants. We are resolved to continue like this.

With the grace of GOD there has been no complaint about malfunction or nonperformance. You would understand that it could only be possible when you begin right and continue to be right, caring to rectify the errors & omissions during the progress of the work. We have completed projects on schedule though there have been extensions in time for many project works. We have been conscious to bring in the Manufacturers / Suppliers of bought out finished products for online fixing like, VALVES and similar others (who incidentally have been approved vendors of esteemed clients in several cases) for any rectification needed without delay. In several cases the esteemed clients have waived the prescribed liquidated damages for delay in work execution understanding and accepting the true reasons.

YES we are interested to reach a tall position in our field and we wholly believe that if we follow or go along as we have been, time shall definitely push us to that podium position.

Since
1974

Dear Sirs,

Sub: Empowerment of contractors for various oil Refinery Civil/Electrical / Mechanical Pipelines / painting works including installation of under ground / above ground storage tanks at various Indian Oil Refinery Civil/Electrical / Mechanical Pipelines including installation of under ground / above ground storage tanks at various Indian Oil Refinery Outlets/Consumer Outlets, Consumer Depots, Terminals, Depots, Aviation Fueling Stations etc within the State of Kerala

Ref: Public Tender No. KeSO/Engg/Emplment/2018/15

With reference to your application submitted against the above mentioned public tender, we are pleased to inform you that you have been empanelled with Indian Oil Corporation Limited (Marketing Division), Kerala State Office, as a contractor for carrying out the work of Empowerment of contractors for carrying out Routine Civil/Electrical / Mechanical Pipeline works including installation of under ground / above ground storage tanks at various Indian Oil Refinery Outlets/Consumer Outlets, Consumer Depots, Terminals, Depots, Aviation Fueling Stations etc within the State of Kerala.

This empanelment is valid upto 20/01/2019 for the following category:

- Above Rs. 100 upto Rs. 200 lakhs (Group A Sub Code II)
- Above Rs. 50 upto Rs. 100 lakhs (Group B Sub Code II)
- Above Rs. 50 upto Rs. 100 lakhs (Group E Sub Code II)

We are enclosing one CD of the following standard contract documents, which will form part of the tenders proposed to be invited against the empanelment.

- Concise NIT, Drawings, Electrical Specification, Civil Specification Vol. I, Civil Specification Vol.2, Maintenance specification, Mechanical Specification, Technical Bid and General Conditions of Contract

You are requested to return duplicate copy of this letter duly signed and stamped as a token of acceptance of the terms and conditions, specifications of the terms and schedule of work.

You are also requested to deposit the payment of Permanent Earnest Money Deposit as detailed below:

Group A - Sub Code II	Rs. 2,00,000.00
Group B - Sub Code II	Rs. 1,00,000.00
Group E - Sub Code II	Rs. 1,00,000.00

पंजीकृत कार्यालय: जी.ओ. असी चारल जंग मार्ग, बंदरा (ईस्ट), मुंबई-400 051
Regd. Office: G.O. Asii Charal Jung Marg, Bandra (East), Mumbai-400 051

The facility for submitting the permanent EMD is optional. With this facility you can bid for any number of tenders during the period of empanelment and for the period in which the deposit is retained. Permanent EMD facility is available only for the tender for the category you are qualified for. Separate EMD has to be deposited for bidding any other tender as required.

In case you are not opting for permanent EMD, you are required to pay EMD as per the requirement of individual tender.

The permanent EMD has to be deposited in the form of DO only in favour of M/s Indian Oil Corporation Ltd., payable at Cochin and there will be no interest paid on the same. The details of cash receipt that will be issued on receipt of the demand draft is to be mentioned while submitting the tenders.

The permanent EMD submitted by our earlier empanelled contractors will be returned after finalisation of tenders against previous empanelment. Please note that the permanent EMD submitted against the previous empanelment will not be valid for this empanelment.

Please note that this empanelment is carried out based on the credentials, documents submitted along with your application. The empanelment is subject to your quoting for tenders invited and satisfactory execution of work orders in respect of delivery and quality of works as and when awarded to you. Your performance in this regard shall be reviewed on periodical basis for our assessment.

The enlistment is liable for cancellation, for whatsoever reason, entirely at our discretion. The enlistment shall not make your company/firm eligible for claiming right to receive tender enquiries or award of works by IOCL.

We hope that you would always endeavor to deliver quality works without any time overrun.

Please return duplicate copy of this letter duly signed and stamped as a token of acceptance.

Thanking you,

Yours faithfully,
For INDIAN OIL CORPORATION LIMITED

Dear Sirs,

Subject : Enhancement of Financial Limit -Registration of Contractors : E&P Services, Central Procurement Organisation (Marketing)

We write with reference to your application requesting for enhancement of financial limit of your registration with BPCL.

We are pleased to inform you that your Financial limit has been revised for the following category of registered jobs with BPCL :

Name of the Contractor	Category for which registration is given	Sub-Category of job for which registration is given	Revised Max. Financial Limit in Rupees Lakhs	Min value of job acceptable by you	Regions where you are willing to take up jobs as per registration
M/s Gulf Engineers & Constructors Pvt. Ltd	Mechanical	Floating Roof tank	500	Rs 50 Lakhs	All Over India

The normal period of enhanced value of registration would be for Five Years with effect from 24th July 2017. This however does not prevent BPCL to de-register or Holiday List you from the approved list of contractors for (i) failing to meet any of our requirements (ii) unsatisfactory performance (iii) non participation in our tenders (iv) any other reasons as specified in BPCL Holiday Listing Policy which is available on website www.bharatpetroleum.in. In case you do not respond to our "Request for Quotation" for three consecutive times, your registration is liable for cancellation.

Please note that this does not entitle you for any claim whatsoever in our tendering process. Enquiries will be sent to you as and when work arise and which falls under your scope in future at the sole discretion of the corporation.

Dear Mr. Suresh,

LETTER OF APPRECIATION

It is with great pleasure that I am writing this letter of appreciation on behalf of the management for the dedication shown by you and your team during the recent floods.

Recall, we had a very heavy rainfall never experienced before and our plant was submerged in flood waters. Your team was ready to respond in the hour of crisis, even though each one of them underwent hardships personally owing to the flood.

The dedication and commitment by your team has ensured IAL to overcome the crisis situation successfully.

Our Management appreciates your team for the good work done in bringing back the plant to normal, without compromising on safety.

Yours sincerely,
